## DR. BALLOU ISSUES FULL INSTRUCTIONS FOR SCHOOL PUPILS

#### Explains Entrance Requirements and Sets Dates for Teachers' Meetings.

Instructions to children who are to enter the public schools this year for the first time and for those living outside the District who are desirous of attending the high schools were issued last night by Dr. Frank W. Ballou, superintendent of schools. The superintendent also announced the dates of meetings for supervisory officers and teachers, where final plans will be made for the opening of the

schools September 20.

Dr. Ballou called attention of parefits and children to the limited number of pupils who can be admitted to the seventh grade of the white junior high school and the junior high school for colored children, located in the old M street night school. The superintendent specifically states that pupils whose records in department and scholarship are not satisfactory will not be admitted to the junior high

## **NEW POWER RATE:** START WEDNESDAY

Consumers Will Find Change in Bill for the Present.

The increase in rate from 8 to 814 cents per kilowatt hour for current used in private homes here will be put into effect by the Potomac Electric Power Company Wednesday, ft having been approved by the District Supreme Court. The new rate, however, will have

no immediate effect on the pocketbooks of the consumers, who will continue to give the company 10 cents per kilowatt hour in accordance with

the injunction obtained by the company in 1917.

The only difference after Wednesday will be that instead of keeping 8 cents and putting 2 cents into the court fund, pending settlement of the suit to fix the company's valuation, the company will keep 8½ cents and put 1½ cents in the court fund.

Although the increase is to become effective September 15, the company effective September 15, the company will not take out 8½ cents on the amount of current used for the entire S. R. Bowen, vice president, said

on September 14 to find out how much current the consumers have used during the first half of the month

The fact that none of them was killed is regarded part of the program was a race in which the contestants swam half the distance, then dived to the bottom for a handful of sand and finished the course with only the one hand free.

There were fewer contestants in the course were fewer contestants in the course when had been course the force of the impact was sufficient to demolish a vestibule of one car and break down the seats one car and break down the seats in the other. Windows in both cars were broken.

The accident delayed traffic on the line about half an hour. In that time a wrecking crew of the railway company cleaned up most of the debris and removed the wrecked cars to the car barn in Rosslyn.

thirty-three Industrial Workers of the World imprisoned at Fort Leavenworth, Kan., was announced here tonight by the American Civil Liberties Union after a conference with William D. Haywood of the I. W. W. general defense committee.

The prisoners, a statement said, are the last of 101 convicted in Chicago in 1918 on federal conspiracy charges whose cases have been appealed.

Haywood, who will leave for Chicago next week, said he expected the prisoners to be released shortly. He also announced he would start to raise \$30,000 to be used for bail of sixty-five other I. W. W. prisoners held in Leavenworth as a result of convictions in federal cases in Sacra-mento, Calif., and Wichita, Kan.
